Chris Thompson

Web Developer

SUMMARY

Creative, detail-oriented, web developer with a deep interest in solving complex problems. Proven track record of creating and implementing successful front and back end web applications. Looking to work within a collaborative environment, increase my knowledge of business processes and technologies, and most importantly, contribute to the overall success of an organization.

WORK EXPERIENCE

Web Developer at Digital Buzz Media | Waynesville, NC

March 2023 — Present

- Working with a team of graphic and brand designers to build modern and responsive websites using Wordpress and Elementor.
- Heavy focus on accessibility on all projects
- Creating dynamic events using custom post types and Google event Schema
- Working with clients to Wireframe websites that assess their needs and improve navigation.
- Performing maintenance on sites by creating backups, updating plugins, checking for and correcting errors as well as 404s.
- Optimizing images using Webp to keep them as small as possible.
- Using AI to create SEO friendly website content for client websites and aid in the generation of ideas for new projects.

Software Engineer at 100Devs | Boston, MA

January 2022 — March 2023

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications using React.js, JavaScript, Node.js, SQL, MongoDB, AWS and more.

Freelance Full Stack Web Developer | Greater Asheville, NC

February 2021 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

- **Ramses, Inc -** Created HTML email templates (and integrated them into REACT using Twilio/Sendgrid) for a startup building a platform for farmers in developing countries to sell extra goods.
- **Rachel Thomas LMBT** – Local Massage Therapist. Implemented connectivity to Square so that their clients could book appointments online.
- **Diesels And Dirtbags** – Custom truck parts business. Made some design changes to their Shopify website and added some SEO to increase traffic to their products.
